Product Description

Commercaill customzied 10, 20 or 30 cm high blue inflatable air mat for gymnastics

Description:

The mat is 6' / 1.8 m wide and pairs well with similarly thick 6" / 15 cm landing mats, creating a level and safe transition surface off or around the AirTrack mat. The AirTrack is therefore not only suitable for recreational groups, but also for higher level gymnasts. Multiple gymnastic federations already use these AirTracks, instead of landing mats made of foam, for trampoline competitions. Great for universities, athletics gyms, acrobatics schools and other athletic facilities.

It can be used on floor, water and grass . just make sure there is no stone or sharp things on the grass to hurt the track.

Should be inflated by electric pump to 5 PSI

Size:

Height (10, 20 or 30 cm high) and a length and width that fit your gym best.

Features

- Play with pressure
- Comfortably smooth surface
- Durable 1000-Denier double-wall fabric (also known as Drop Stitch Fabric®)
- Highly durable, and hardly twisting and bending accordingly.
- Can be inflated/deflated and carried and stored easily
- Suitable for recreational users as well as proffessional
