Product Description

Kindergarten Baby Balloon Inflatable Bounce House Fireproof Safe Inflatable Jumping House

Description:

Inflatable bounces always deliver fun and excitement to kids at parties and special events. Barry has taken time and cut no corners in designing and manufacturing top quality inflatable bouncers in various colors, themes and sizes. Inflatable bouncer attract over three ages children and keep everyone coming back for another play.

Our designer are skilled 3D computer technicians along with Graphic Designers and Pattern makers. They are backed up with over 200 skilled craftsmen who together produce hundreds of beautiful products. We can make as customer design or provide design for customer confirming. All games are made as newest EN14960 standard, Good quality products with nice digital printing, the printing is protected by liquid imported.

More general quality details of our inflatables are following:

1. Reliable and durable Material

Top quality material are always applied on our inflatables, and all of them are from one of the best material suppliers in China - Plato chemical; All of the materials we are applying meet EN71-2-3.

2. High precision stitching machine and cultivated stitching workmanship

All of our stitching inflatables are stitched by high precision stitching machine with superexcellent 9 in one waterproof nylon threads, and like following image shows, the length of every single stitching is around 4mm which is the top standard in inflatable field; most importantly, we always apply double stitching anywhere in the inflatables and quadruple stitching in positions sustaining much force and pressure from jumping.

FAQ

1. Can we change the size and color based on the original ones?

The size and color can be changed according to your demand. Please contact us to get more information about the inflatable you want to alter before it is finished producing.

2. Where can the inflatable products be displayed or used?

Display them on the rooftop, stop, parks, beaches and intercity terminals, in front of the show rooms and supermarket. In a word, they can be showed everywhere.

3. How to install the inflatable products if I am fresh?

It is very easy to install. Prepare your ground, open the package of inflatable and blower. Power on the blower and inflate it.

4. Your blowers and pumps meet CE/UL requirements?

Yes, we can provide one or two as your demand if possible.

5. What is the daily consumption of the blower?

The cost are negligible as the blower consumes only a few units of electricity each day
