Why choose our air track:

- The air floor can be placed on the gym floor, the rod floor, the artistic gymnastics floor grass floor etc.
- Pressure is easily customized within seconds
- Inflating and deflating is done in a single minute
- No noise during trainings
- After inflation, the air track will maintain its pressure for hours, refill only takes seconds
- Easily portable . The Air Floor is so light and small it will easily fit on the back seat of your car.
- The take off is soft, which helps prevent injuries.
- The Air tracker will allow you to jump higher, giving you more precious airtime to work on your technique. Jumps can be repeated more often with less chance of overuse injuries than on traditional training equipment.
