Brightly Color Disney Princess 5 in1 Combo Jumping Castle For Amusement Park

Description:

This jumping castle is where all the magic happens. Grant your little ones wish and let her be the princess of her very own jumping castle alongside Cinderella, Aurora, Belle, and Snow White. It comes with a glamorous slide, climbing area, obstacles & jumping space. Pop on her tiara as this delightful, elegant and enchanting moment awaits her and is not to be missed!

Specification:(custom made)

Space Required:6m(L) x 6.3m(W) x 5.7m(H)

1. The Advantages of our Inflatable Fun City are As Follows:

1). High-Quality Material:

Commercial grade 0.55mm(1000D, 18 OZ) PVC tarpaulin has 3 layers, two PVC coated sides with a strong net fabric inside, which is fire retardant, water-proof, Anti-UV, and anti-ruptured.

2). Best Sewing Machines:

Using the best sewing machines ordered to handle nylon thread we double stitch the entire unit with the best 18-ounce heavy duty Vinyl.

3). Double Stitching everywhere:

We double stitching everywhere, with fourfold stitching at bottom stress point. Double stitching inside and double stitching outside to make sure the inflatables are strong enough.

4). Reinforced Stripes at Joint

Our technicians will make reinforced stripes at the bottom joint and each corner. So when the kids bounce on the games, you do not need to worry about the safety at all. As the bottom can bear the kids no matter how they play on the games.

5). Durable Zippers:

We make strong zipper at bottom of each inflatable. Zippers can help you deflate the inflatable more quickly. Above the zipper, there is a zipper cover, which is helping to disperse the zipper's stress.

6). Safety Blower Pipe:

For the pipe connected with blower, we specially design one flap on the inside end of the pipe, it will flap up when blower on and will flap down when power failure suddenly and the blower off. It can prevent the air outflow, and protect the children.

7). D-clasp Rings for Fixation:

Each product will have thick D- clasp rings or circle rings to fix the inflatable onto the ground to remain steady.
