Product Description

LED Inflatable Pillar Lighting Decoration , Inflatable Light Column For Advertising

Description:

Customers love the Inflatable Pillars because of the minimal footprint required to use. The Inflatable Pillars are extremely popular, especially in congested downtown spaces. The inflatable pillar simply connects to the portable blower via easy grip Velcro. All inflatable Pillars require a blower for operation. Please see the descriptions below for the options of the Inflatable LED Pillars and blowers to see which combination is fits you best to help increase your visibility.

The LED advertising pillar blowers each come with 4 LED color changing remote controlled light bulbs. These incredible LED bulbs allow the user to change the Pillar attachment to any of the 15 different color options. The remote control smart LED bulbs can transition from one color to another using the Flash, Strobe, Fade, or Smooth color transition options. You have to see these LED advertising pillars in action to believe them!

FAQ

1. Can we change the size and color based on the original ones?

The size and color can be changed according to your demand. Please contact us to get more information about the inflatables you want to alter before it is finished producing.

2.Where can the inflatable products be displayed or used?

Display them on the rooftop, stop, parks, beaches and intercity terminals, in front of the show rooms and supermarkets. In a word, they can be showed everywhere.

3. How to install the inflatable products if I am fresh?

It is very easy to install. Prepare your ground, open the package of inflatables and blower. Power on the blower and inflate it.

4. Your blowers and pumps meet CE/UL requirements?

Yes, we can provide one or two as your demand if possible.

5. What is the daily consumption of the blower?

The cost are negligible as the blower consumes only a few units of electricity each day
