Product Description

Red PVC Foldable Dog Pet Swimming Pool Different Size And Style Customized

Application:

Giving a "naughty" dog a bath is not easy. especially in summer, and where to get the dog bathed is another headache.

Bathing in the bathtub may lead to cross-infection; as dogs are always active, the shower bath may cause inflammation if water goes inside its ears; large-sized bath instruments always take up too much room and costly.

So, a foldable PVC and plank made dog pool is a perfect solution. In addition to the above-mentioned strengths, the pool has bright colour and can be placed inside or outside the room as you wish.

Descriptions:

- 1, items: includes 1 inflatable pool and 1 small slide
- 2, material: 0.9mm Plato PVC tarpaulin for pool ,0.55mm pvc for small slide
- 3, used for outdoor or indoor entertainment for kids
- 4, water fun for all the year round
- 5, shipping way: by sea or air/express
- 6, different colors and materials are available
- 7, easy assemble, move, put it away, in different occasions

Product detail for water pool:

1. Our water pool is used with durable 0.6mm or 0.9mm PVC tarpaulin material, which is weather-resistant, waterproof, fire-resistant, UV protective. Besides, it can bear high and low temperatures.
2. Special pressure valve for our water pool.
3. There are hooks at the bottom to fix the water pool on the ground.
4. There are double D ring buckles for conection of our water pool.
5. There pool design with one layer pool, double layer pool design, pool with tent cover design, other shape of pools are available. You can add the mat at the front of your pool.
6. Since it is inflatable products, it is easy to set up and take down as well as easy for store and transportation.
