On the sheet there are several holes positioned, each with its own value in points. This is a useful tool if there is no goalie nearby and you want to practice your target shooting!

#### Goal inflatables

Because the sheet is removable, the goal can also be used as a regular net, instead of a striking net. The goal has the dimensions of an indoor soccer goal.

Because the goal can be used in different locations and offers many different options, make it ideal and very versatile. Thus, the goal, among others can be used for many (sports) events, activities, promotional purposes, (children's) parties and business events! This is a fun, challenging soccer game for all ages.

Due to its size and weight, the standard soccer goal is also easy and quick to set up in minutes by just one person.
