Product Description

Durable Advertising Inflatable Tent, Dome Shaped Spider Tent Inflatable

Description:

The Inflatable spider tent advertising was initially designed to cover the surf simulator so that it could be used outside in all kinds of weather but lately, we've found our customers also find other uses for them.

From the feedback we received last year we found customers used the inflatable marquee as a sunshade as well as a shower cover, using it to cover soft play, garden games, ball pools that don't have their own roofs and much much more... We also had a large interest from galas and fetes to cover the stalls or for eating areas for their guests.
