Advantages of inflatable water splash park

1. Anti-UV & heat resistance material

Barry use customized anti UV & heat material makes the life span of the floating water park 30%-50% longer than normal material that most suppliers have been using, especially for the strong UV and high temperature area.

2. Factory Price

Based on equal quality level on inflatable water park, ordering from Barry directly can save 3 times cost than ordering from other brand.

3. Stable Connection System

Barry originally designed double connection systems make the whole water park very stable and robust even in the bad weather. This connection

system is patent protected.
