#### Advantage:

1. Very light and easy to move around the gym.
2. The air track can be placed on the gym floor, the rod floor, the artistic gymnastics floor, etc.
3. The required OV10 blower is very light
4. The pressure is easily customized within seconds
5. Inflating and deflating is done in a single minute
6. No noise during training
7. After inflation, the air track will maintain its pressure for hours, refill only takes seconds
8. Easily portable from gym to gym. The Air Floor is so light and small it will easily fit in the back seat of your car.
9. The takeoff is soft, which helps prevent injuries.
10. The Air Floor will allow you to jump higher, giving you more precious airtime to work on your technique.
11. Jumps can be repeated more often with less chance of overuse injuries than on traditional training equipment.
