Reinforced edge stitching,crack-resistant and durable.

Specialty design and suitable hardness, professional Exercise.

Easy To Clean.Our moisture resistant technology makes the mat to be easily washed with water.

Customer reviews

1.shopper

my 12-year-old granddaughter loves this!! she can inflate and deflate it by herself, she uses it for her gymnastics.

2.Thomas J. Labatt

Great quality - stays inflated at least a week until you have to reinflate. Color listed as green but more of an aqua which my daughter loves. We went 16 feet and its long enough for most tricks. Deflates and rolls into a smaller roll than expected. When inflated the handles on the side my daughter (10) and I have no difficulty moving it! So glad we purchased this!

3.Don

What is there not to like about this? My daughter is a good little gymnast and this is perfect for her skill level. She hasn't stopped using it since she opened it on Christmas Day. She has friends over and they develop routines for more advanced moves that can't be done on a regular gym "floor". Plenty big enough for multiple moves in a single run. Pumped it up Christmas morning (in a cold basement) and it hasn't lost air at all. 100 pros. Zero cons.
