## Product Description

### Commercial Grade Garden Home Use Wet Inflatable Water Slide With Pool For Kids

#### Product Description

##### Large Water Slide For Sale

One of the most exciting party activities that you could possibly think to have at a kid's birthday party or local community event is a huge inflatable water slide, complete with a splash pool!

You can keep all of the children entertained for hours as they climb the stairs to the top of the platform before coming sliding down into the water.

With a completely open view from the front, this unit is great for parents and spectators to be able to watch and enjoy all of the fun and capture every moment on video.

#### Size Information

When in use, this inflatable water slide measures 5.5m(L) x 4.8m(W) x 4.4m(H).

For safety reasons there needs to be several meters of clear space around all sides of the unit when it is inflated.

We recommend that customers ensure that there is a clear and flat area of at least 9m x 6m prior to booking this slide.

#### Safety and Insurance Details

Being a water-based activity, we recommend that only children over the age of 5 be able to use the slide. Of course, everyone has different levels of comfort around water, so parents are able to make the final decision on who plays on this activity.

We strongly recommend that a dedicated supervisor be placed in charge of controlling the number of kids on the slide as well as keeping an eye on them all.

Keep all of the children at your upcoming birthday party or local event nice and cool by buying this stunning inflatable water slide!
