Advantages of blow up water park

1. We add reinforcement strips for all our products, so the items have good airtightness and more durable.
2. We install high quality air relief valve made in on our water parks, so the items can release air to a safety level automatically when it's getting hot in the noon.
3. For parts like anchor rings and handles, we use the big high frequency welding machine to weld on the products instead of glue on by hand. The parts and the main body are fused together so the quality is very stable and will not peel off.
4. Stable Connection System. Barry created originally eyelet connection system and anchor ring connection system which make the whole park very stable.

Features of inflatable aqua sport park:

1. **Suitable age** : for kids of 8 years old and up to slide, bounce, jump climb and splash!
2. **Design**: Any size or unit can be customized as your request
Color, logo can be customized
3. **Certification**: EN71, EN14960, EN15649, CE
4. **Elements**: Splash Island inflatable water park features include a trampoline, climbing wall, monkey bars, a swing, a slide, hurdles, double rocker, flip, and water volleyball, etc.
5. **Safety Material**: Plato PVC tarpaulin 180z
6. **Advanced Technic**: High temperature welding, perfectly sealed against air leak, reinforced seams against ripping
7. **Safety design**: Strong safety cover flaps, more stable set-up anchors, emergency lifeguard tower
