Technology

We do double stitching everywhere, with fourfold stitching at bottom stress point. Double stitching inside and double stitching outside, and to make sure the inflatables are strong enough.

Painting

We mainly have digital print, silk print and hand painting. The quality of print ink also meets the standard of SGS. Further more, we make a liquid protecting film on the surface of digital printing, The high level painting makes Kaypee product will not be sticky and color fade, but sustain a long time

Heavy Duty quick deflation zipper

We make strong zipper at bottom of each inflatable at needed sides,to deflate the inflatable more quickly. Above the zipper, there is pvc cover with for the zipper, which is help to disperse the zipper stress.
