HOW TO CHOOSE YOUR PERFECT BOARD

1. What height & weight are you?

The 10' deck length accommodates the majority of paddlers & ensures great tracking & maximum glide. For more specific sizing, consider the following:

If you are more than 6' tall or over 95 kg we recommend the 11'.

If you are under 6' tall or weigh less than 90 kg, check out the 10'

2. What is your fitness level?

As a rule, narrower boards are faster but require slightly more core strength to balance making the Sprint the most advanced choice.
