Can put backpack and dry bags

Quick click fin
Simple, quick and no small screws
Suitable for various sup boards

FAQ:

1.What kind of guarantee you can be given?

We guarantee all the product will be good at least 1 year;

2.What kind of wear and tear should I watch for?

Besides a small leak or tear you should check around all the valves and seams once in a while to make sure they are secure and not leaking any air.

You can do this by using soap and water mixture in a spray bottle.

Other wear and tear to be aware of is any breaking down of the material or stains that should eventually be removed with a cleaner.

3.How should I store it?

Store it in a dry place away from direct exposure to hot sunlight or cold conditions.

Deflated and rolled into its carry bag, it can be stored in any small space such as in a closet or garage.

The important thing to remember is to make sure it is completely dry before packing it away so you don't end up with mold and mildew to clean up later.
