Product Description

Giant Adult Inflatable Water Park Commercial Inflatable Water Fun For Lake

Description About The Water Park

This inflatable water park installed in Otago New Zealand. It attracted more than 600 guests every day during summer holiday. Can you imagine the payback time for this inflatable water park is only about 10 days(equipment only)? The highlight of this inflatable water park is the two giant items, the giant water tower with jumping blob and the giant all in one station.

This park could be a best inflatable water park combination. Because it has the large inflatable items to attract adult visitors as well as the normal items for little kids. At the entrance of the park, there are some items suitable for shallow water for little kids. In the deep-water area, there is one giant water tower with jumping blob and one giant all in one station. The height of the giant all in one station is up to 5.5 meters and a life guard need to be arranged on the top of the platform to guide the guests play safely. The minimum water depth required for the giant all in one station is 3.65m and for the jumping blob tower is 5.9m.
