- Accessory: Aluminum Paddle, Backpack, Hand Pump, Leash, Fin And Repair Kit.
- Weight: 8-15KG
- Highlight: **PVC stand up inflatable paddle board, Drop Stitch Stand Up Inflatable Paddle Board, PVC Stand Up Inflatable Paddle Board**

Product Description

Drop Stitch PVC Water Sports Inflatable Surfboards Stand Up Paddle Board

Stand Up Paddle Board--Its popularity is down to its versatility.

It's designed to float and glide easily on flat water, and it has just the right amount of curve in the plan shape so it rides smoothly and predictably in surf, no matter what kind of rider you are.

And it's 120mm/4.7" thick, which increases stiffness while not affecting ride and performance. Cargo tie-downs complete an iconic package.

Inflatable SUPs are becoming more and more popular because of their versatility and practicality. We've taken those qualities and added another dimension – the option to turn your SUP into a windsurfer.

specification
