Product Description

Affordable Price Blue Custom made EVA Inflatable Sup Stand Up Paddle Board

Size for reference:

Paddle board size: 300*79*13cm/ 8.5kgs
Package size: 90*38*31cm/ Weight: 14kgs

Description:

- * Bow movement design The elliptical design of the bow effectively reduce the resistance of the water body, and the elastic drawstring design can carry more carry-on items.
- * Twill slip deck The middle deck of the lowering plate is made of high-quality EVA material and reated with a twill groove to enhance friction and strong anti-slip properties, making the standing more stable.
- * Stainless steel D-ring The head of the board is equipped with 4 stainless steel D-rings, designed with a pull cord for fixing the belongs to prevent falling water.
- * Portable handle The middle of the plate is equipped with a portable handle design, which makes it easy to lift the entire paddle with one hand.
- * Seiko pneumatic valve Fine workmanship, more convenient inflation and deflation(inflating-press the air valve, the valve rises; deflate-press the air valve, the valve sinks)
- * large fin of the paddle plate is set at the bottom of the paddle plate, which is more favorable for breaking the water flow, and the plate body is kept well.
