## Product Description

### Commercial Inflatable Obstacle Course Game Popular High Quality

**Description:**

Item NO.: BY-OC-005

Product Name: Inflatable Obstacle Course

Size: 15x4x3mH ( or can be customizable)

**Details:**

Product Name	inflatable obstacle course
Material	Best 0.55mm pvc tarpaulin
Original size	15x4x3mH ( or can be customizable)
Main accessories	Blowers, stakes, secure ropes, simple logo or banners, repair kits
Warranty	3 years limited warranty
Advantage for this inflatable obstacle course	1. For both youngsters and adults; 2. Reasonable design, best tool for people's boot camp or physical agility challenge; 3. Easy to set up and deflate as we can make it to be 2 or 3 parts; 4. Portable to move around after deflated N Packed; 5. Easy to store and transportation as we can make it to be 2 or 3 parts; 6. Enough anchor points for Wind resistance, water proof, damp- proof; 7. High durability & tear resistance.

**Product Description:**

1. Completely assurance

Our structures work with good sewing technic, they are 100% strong. They require the constant use of an electric compressor, and therefore need to be connected to an electric socket or to a generator.

2. Easy of Use

Ten minutes are all that is required to inflate our modules with a CE/UL pump. This time is greatly reduced by the use of 780W electric pump. It is of course possible to inflate them in the traditional way, by using a mains voltage pump. Our products eliminate problems with interlocking tents together, creating multiple rooms and any problems with assembly instructions.

3. Safety of use increased

Our structures do not have rigid element. This ensures the best security for present material assets and people.

**Warm Warning:**

1. Please keep it far away from sharps and high temperature for its normal lifespan.
2. Please follow the rules of usage and avoid injuries from sharps and high temperature.

**Our Advantage:**

1. High quality Plato PVC material.
2. Double stitching inside and outside.
3. Quadruple stitching for the stress-bearing parts and the joint parts.
4. Reinforcement belts webbing reinforces for some parts.
5. Full-digital printing protected by a liquid protection film.
6. Enough zipper outlets to deflate the slide quickly.
7. Extra soft handles for climbing area.
8. Anchor rings all over the castles.
9. Reinforcements for zipper joints.
10. Zipper cover with hook and loop fastener to disperse the stress for zippers.
11. Our workers have over 10years experience of the inflatable field . We have our own designers. So for any custom designs or sizes, are acceptable. Also provide you good ideas as a reference.
12. Strict quality control. CE, ASTM, EN14960, EN71, NFPA 701 No Lead, Fire Retardant certifications.
