Our Advantage:

1. Material: The best material is very important for the Inflatable product. All inflatable games of Barry toys are made by high durability fire retardant 180Z PVC tarpaulin, which has 3 layers ,two coated side with a strong net inside.
2. Double Sticking: We do double stitching everywhere, with fourfold stitching at bottom stress point. Double stitching inside and double stitching outside to make sure the inflatables are strong enough.
3. Reinforce strips: Barry inflatables will make reinforce strips at the bottom joint and each corner. Double to fourfold stitches to make sure product firm and extend its use life.
4. D-ring Anchor: The metal ring sited at the bottom of inflatable products to fix product stable, stop swing.
5. Step & Safe Help Handle: Make help handle on the climbing step, kids can climb the step more easy and safe enough to keep you stable when sliding.
6. Digital Printing: Our top-ranking digital printing machine makes the printing artwork more clear and vivid. It last much longer time than normal one. Our excellent painter can draw different pictures as you want.
7. Safety Netting: It is made up by nylon, strong to protect kids in safe and avoid fell off. While, this netting is still transparent enough to allow for easy viewing.
8. Air Inlet: 1.5m to 2m length air tube to inflate up quickly and sealed by velcro after inflated.
9. Air Outlet: Linked with high quality zipper cover, it is well sealed after inflated; conveniently and quickly when need to deflated.
