Workmanship of Barry:

1. BEST SEWING MACHINES

Using the best sewing machines to handle nylon thread, we use the best PVC tarpaulin as the material , Our sewing use quadruple stitching with 12 shares bonded nylon thread to strengthen the quality. and double stitch the entire unit with the best 18 ounce heavy duty Vinyl.

2. DOUBLE STITCHING EVERYWHERE

We double stitch the entire unit and enhance all stress points at the bottom with fourfold stitching. Both outside and inside are double stitched in order to maintain strong solidity. Every connection part is reinforced by webbing

3. HEAT SEALING MACHINE

We use advanced Heat Sealing Machines to ensure our inflatable products can handle high air pressure and secure for use.

4. Sparring is added on the bottom base

5. DURABLE ZIPPERS

Each inflatable will be equipped with a pair of strong zippers in order to be deflated faster and repacked easily after use. We also add a cover above each pair of zippers to help disperse the zippers' stress.

6.SAFE BLOWER PIPE

The blower tube is downward for inflating easily. A blinker in the blower road to prevent dirt.

7. METAL RINGS FOR FIXATION

Each product will be equipped with thick D rings or O rings to be fixed on the ground and remain steady.

8. CONSIDERATE TIGHT PACKAGES

We provide an appropriate size package bag using the PVC material respectively to make sure the goods will be in good condition when it reaches you even after a long shipment.

Whatever package we'd use is for the sake of providing our customers with perfect products and considerate service. Cause our biggest concern is your satisfaction.
