#### This bouncy castle we made is for commercial use:

1. There are at least 6 anchors EN14960 required for all of our inflatable bouncy castles in size of 4x4 meters or bigger;
2. We affiliate enough strong stakes for our inflatable castles;
3. Certified powerful blower with suitable plug to make inflating very fast;
4. Enough deflation mouths with double fastener zippers to make deflation fast too;
5. We provide small or middle size banners or logos for free, but for big size ones, to be negotiated;
6. Heavy duty material with high durability & tear resistance;
7. Re-usability, long lifetime & cost effective

#### Inflatable bouncy house in winds and Rain:

Although we make anchoring tie-down D rings (usually 10 to 30 rings for every ground corner and higher points, depending on design) for stability, please use depending on actual scene, we do not recommend use in strong winds more than 35Km/h. Also not recommend for heavy rain.
