Product Description

Drop Stitch Fabric Inflatable Floating Dock for Fishing with Pump and Accessories

Product Description:

Introduction

Barry Inflatable Floating Dock is a revolutionary water product that combines the stability of a traditional dock with the convenience of an inflatable pontoon. Made from high-quality PVC, Drop Stitch Fabric, and EVA materials, our inflatable dock is designed to provide a safe, durable, and fun experience on the water.

1.Perfect for All Water Enthusiasts

Whether you're a professional water sports athlete, a casual swimmer, or a family looking for some fun on the water, our inflatable dock is the perfect choice for all water enthusiasts. Its versatility allows it to be used in various water activities such as swimming, sunbathing, fishing, yoga, and more. With its sturdy construction, it can withstand the weight of multiple people, making it a great choice for group activities.

2.Easy to Set Up and Use

The Barry Inflatable Floating Dock is designed for convenience and ease of use. It can be quickly inflated and deflated in less than 5 minutes, making it perfect for impromptu water adventures. Its compact size and lightweight design also make it easy to transport and set up in different water locations, whether it's a lake, river, or ocean.

Stable and Safe

The inflatable dock produce in Barry factory.

Features:

The Ultimate Platform for Water Enthusiasts

Looking for the ideal water platform to enhance your enjoyment on the waves? Look no further than our state-of-the-art design, perfect for all water activities.

Unbeatable Durability and Stability

Our platform features a double layer drop stitch fabric, providing unmatched strength and stability for all your water fun. No need to worry about falling off or losing balance, our platform has got you covered.

Enhance Your Flexibility and Strength

Our platform is designed to not only provide stability, but also improve your flexibility and strength while on the water. By working on your balance, both halves of your body will become stronger and more in sync.

The Perfect Solution for Jet Ski Docking

For jet ski enthusiasts, our platform is the perfect dock for a smooth and easy entry onto your watercraft. Its sturdy design and anti-slip EVA deck ensure safety at all times.

Convenient and Accessible

Don't struggle to get back on board after a dip in the water. Our platform comes equipped with a 316 stainless steel ladder, providing easy access back onto the platform.

Customization:

Available in 2m, 3m, 4m, or customized sizes, our Inflatable Floating Dock can accommodate your specific requirements. We also offer customization options for colors and designs, making it uniquely yours.

Packing and Shipping:

Inflatable Floating Dock Packaging and Shipping

The Inflatable Floating Dock is carefully packaged and shipped to ensure its safe delivery and arrival to your destination.

Packaging

The Inflatable Floating Dock is first deflated and then folded or rolled, depending on its size, to minimize its package size. It is then placed in a sturdy and waterproof packaging material, such as a plastic bag or box, to protect it from any damage during transit. Additional padding or cushioning materials may also be included to provide extra protection for the product.

Shipping

The Inflatable Floating Dock is shipped using a reliable and trusted shipping service, such as UPS, DHL, or FedEx. The shipping method will depend on the size and weight of the product and your preferred delivery time.

Once the package is shipped, you will receive a tracking number to monitor the status of your delivery. You can also contact us for any inquiries or concerns regarding the shipping process.

Our goal is to ensure that the Inflatable Floating Dock reaches you in perfect condition, and we take all necessary precautions to achieve this.
