### Water Mat Air Ship Multi Person Inflatable Floating Dock Platform For Jet Ski Or Swim

#### Features:

##### The Ultimate Platform for Water Recreation

Our platform is the perfect choice for those looking to have a thrilling experience on the water. With its sturdy construction and versatile design, it provides an ideal setting for all your water activities.

Innovative Double Layer Drop Stitch Fabric

We use the latest double layer drop stitch fabric technology in our platform, ensuring unmatched strength and durability. This material is specifically designed to withstand extreme water conditions and last for years to come.

##### Enhance Flexibility, Stability, and Strength

Experience the ultimate challenge on our platform and improve your skills with each use. Our platform offers a unique combination of flexibility, stability, and strength, making it an excellent choice for water sports enthusiasts.

Equal Muscle Work for Maximum Performance

To achieve maximum performance, it is crucial for pairs of muscles to work together in harmony. Our platform is designed to distribute weight evenly, ensuring that all muscles are engaged, leading to improved performance and better results.

##### The Ultimate Jet Ski Dock

Our platform is the perfect jet ski dock, allowing you to easily drive your jet ski onto the platform and secure it in seconds. Whether you want to take a break, relax, or switch between water activities, our platform has got you covered.

##### Safety First with Anti-Slip EVA Deck

We prioritize your safety, and that's why our platform features an anti-slip EVA deck. This specially designed deck provides a secure grip and prevents any accidents or slips, giving you peace of mind throughout your water adventure.

Convenient 316 Stainless Ladder

Climbing onto the platform is made effortless with the help of a 316 stainless ladder. This sturdy ladder is designed to make it easy for anyone to get on the platform, even with heavy gear or equipment.

### Packing and Shipping:

Inflatable Floating Dock Packaging and Shipping

The Inflatable Floating Dock is carefully packaged and shipped to ensure safe delivery and easy set-up for our customers. Here's a breakdown of our packaging and shipping process:

Packaging:

Each dock is first deflated and folded into a compact size.

It is then placed in a heavy-duty PVC bag for protection during transport.

The bag is securely sealed to prevent any water or debris from entering.

The bag is labeled with the product name and dimensions for easy identification.

Finally, the bag is placed in a sturdy cardboard box for added protection.

Shipping:

We offer both domestic and international shipping options for our customers. Here's how we ensure a smooth delivery process:

For domestic shipping, we use reliable courier services such as UPS, FedEx, and USPS.

For international shipping, we work with our trusted shipping partners to ensure timely and safe delivery.

We carefully track and monitor each shipment to provide updates to our customers.

The estimated delivery time will vary depending on the destination and shipping method chosen.

Once the package arrives at its destination, it can be easily unpacked and set up using the included manual and accessories.

We take great care in packaging and shipping our Inflatable Floating Docks to ensure they arrive in perfect condition and ready for use. If you have any questions or concerns about your shipment, please don't hesitate to contact us.
