Product Description

Car Water Containment Mat Easy Clean PVC Inflatable Wash Pads Cleaning Mat For Car

Product Description:

Advantages Of The Pad

- * The wash pad is mobile, flexible and fast to set up.
- * The standard inflatable wash pad weighs only 1Kg per square metre and can be easily transported
- * Many applications are possible especially as the wash pad can be custom made.

Setup

Simply roll out the mat and inflate it with the blower supplied. Drive the vehicle on to the inflated mat and you have a fully portable wash pad. When the vehicle drives onto the floor the edges bend and then bounce back into position and return upright.

Don't worry, although it may seem like the inflatable floor may pop or burst, the floor will not be damaged by the weight of the vehicle it is designed for.

Material: 0.45mm Plato PVC tarpaulin

sizes available: 6*3*0.2m/ 6*4*0.2m/7*4*0.2m/8*8*0.2m/12*12*0.2m or custom made

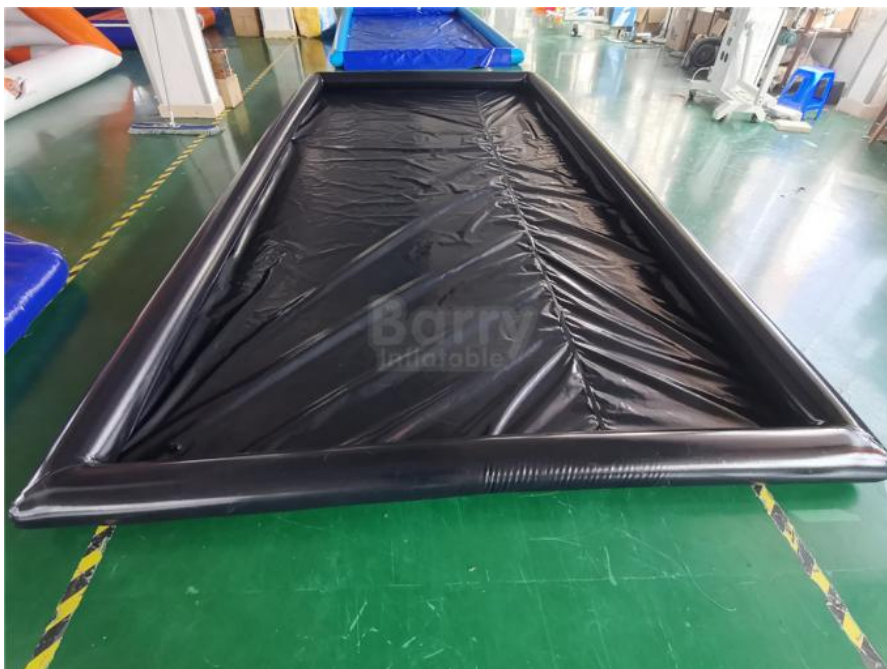

Delivery time 7-10 days

Pump & repair kit included
