Product Description

Environmentally Friendly Mobile Wash Floor Mat Inflatable Car Wash Mat , Inflatable Water Collector

Product Description:

Inflatable Car Wash Mat - The Perfect Solution for Your Car Washing Needs

Product Overview:

The Inflatable Car Wash Mat is a revolutionary product that will completely change the way you wash your car. It is the perfect solution for all your car washing needs, providing a convenient and efficient way to clean your vehicle.

Made from high-quality materials, this inflatable car wash mat is designed to be durable , waterproof , and reusable , making it a long-lasting investment for your car washing routine. It is available in two sizes : 5x3m and 6x3m, or can be customized to fit your specific needs.

Type:	inflatable car wash mat
Material:	PVC Tarpaulin or customized material
Size:	12x6m or to be customized
Logo / Printing:	According to your request
Package:	Durable PVC for inflatable, standard export carton for blower
Blower:	with CE/UL certificate

Key Features:

Water Containment: The inflatable car wash mat acts as a barrier, containing all the water and chemicals used during the car washing process. This prevents any runoff from polluting the environment and also protects your driveway or garage from any damage.

No Assembly Required: Unlike traditional car wash mats, the Inflatable Car Wash Mat requires no assembly. Simply inflate it using a pump, and you're ready to go.

Easy to Clean: The smooth surface of the mat makes it easy to clean. Simply wipe off any dirt or chemicals with a cloth, and it's ready for the next use.

UV Resistant: The Inflatable Car Wash Mat is designed to withstand harsh weather conditions, including UV rays. This makes it a durable and reliable product for outdoor use.

Say goodbye to messy and time-consuming car washing routines, and switch to the Inflatable Car Wash Mat for a hassle-free experience

How to install?

DO NOT OVER INFLATE. Inflate to a level of 130mm (13cm) in the middle of the wash mat when two people are standing on the rim of the mat as pictured. This will ensure that your wash mat does not burst with the addition of a vehicle. This level of inflation also makes allowance for hot weather which will cause the air in your wash mat to expand.

Notes

1. Be careful not to let foreign matter inside the wash mat.
2. Make sure you close the cap of the air inlet if there is a lot of sand and dust.
3. If wash mat not used for a long time ensure that it is stored completely emptied of air.
5. Please store at room temperature. Extreme heat or cold will reduce useful life.
6. When in storage, do not place any heavy items on the wash ma

How To Repair

1. Completely cut away the damaged part of the wash mat.
2. Prepare a patch that is slightly larger than the hole.
3. Clean both the patch and the area around with hole with acetone or a similar cleaning chemical and wipe dry.
4. Apply glue (provided) to both surfaces and then firmly apply the patch to your wash mat. Avoid bubbles. Press and hold firmly until firmly bonded (1–2 minutes). Ideally, allow 24 hours before use.
6. Ensure that you use only glue provided by H2go Systems.
7. Keep glue out of reach of children.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Barry.

Q: What is the model number of this product?

A: The model number of this product is HBY-CM-001.
