Features	Waterproof, Fire Retardant, Anti UV, Heavy Metal Free, Anti Mildew, Flexible, Heavy Duty, Tensile, Self Clean etc are available.
<b>We provide free cleaning and fixed accessories for you.</b>	

#### What is a floor containment mat for a car or garage?

Water, ice, and snow are gathered on the mats rather than on the floor of your garage. The name comes from the fact that they actually hold all of the liquid that spills out the bottom and sides of the car.

#### 1. Information about the car floor containment mat made of Uni-tarp

- 1) The issue of inadequate tightness is resolved by the containment edge's use of foam strip rather than inflatable.
- 2) Because of high-frequency welding technology, the containment edge seams are extremely tightly sealed.
- 3) To stop the vehicle wash mat from shifting, we provide a fixed tool that is set on the ground.
- 4) To make cleaning the mat easier for you, we also include a cleaning tool.

#### 2. Functions:

- 1) Protect your garage from the icy grip of winter
- 2) Keep damaging road salts and deicing fluids away from your bare concrete
- 3) Prevent slip fall accidents from the water that can pool up and freeze overnight on your garage floor.
- 4) Keep your garage floor clean

#### 3. Advantages of maintaining a car mat

- 1) To preserve the concrete in your floor: nothing will be able to pass through a car containment mat and enter the porous interior of the concrete.
- 2) To prevent white stains from adhering to the floor: use a high-quality car mat as a containment to prevent unsightly stain accumulation

on your brand-new floor. You will pay for the mat covering as well as the stain removal, but a mat will save you money and time.

3) Decorative Use: Choosing the right color for your car containment mats can improve the garage's overall appearance.

4) Affordably priced: Investing in a high-quality automobile containment mat offers you financial, aesthetic, and safety advantages without breaking the bank..

#### 4. Features

1) PVC Knife Coated Tarpaulin for garage floor mat, car wash containment mat

2) Weight: 700 GSM, or can be customized

3) Technics: including Anti-Static, Anti-UV, Durable, Heat-Insulation, Tear-Resistant, Waterproof, Flame-Retardant, Anti-Mildew
