Product Description

Product Description:

Outdoor Inflatable Golf Simulator Tent

A outdoor inflatable golf simulator tent that allows you to see the balls projected flight path better than smaller practice nets. The golf tent comes with an inflation air pump that can pump up the structure in only 5-15 minutes, when not in use the cage quickly deflates and can be packed in a small duffer bag for storage or transportation. Suitable for all ages and skill levels, 'The Inflatable Golf Simulator' can be located either indoors or outdoors. If you are planning a product launch, an open day, an exhibition or any other indoor or outdoor event, our portable nets and digital swing analysis equipment provide the perfect opportunity to use the marketing power of golf to attract customers. The air structure is air tighted, and the middle impact net can be removable.
