Product Description

Parkour And Freerunning Inflatable Air Track DWF Material Warrior Course Air Bridge Indoor Gym Park

Description:

Warrior Course inflatable obstacles offer the same exciting challenge as traditional ninja obstacles but provide a softer and more forgiving surface. When deflated, inflatable obstacles take up minimal storage space, offering a practical solution for those with limited storage capacity. Warrior Course products are made to order and have a 10-week lead time. These obstacles require the [Small Air Blower](#) for inflation.

Inflated Dimensions: 10' L x 16" W x 8" H

Product Safety

At Barry , safety is our utmost priority. It is crucial to understand that gymnastics and ninja warrior equipment are not toys. Engaging in activities that involve motion and height inherently carries the risk of serious injury, including paralysis or even death. Therefore, we strongly advise all users to adhere to the following safety guidelines:

1. Proper Training and Supervision:

These products are intended for use by properly trained participants under qualified supervision.

It is essential that users have the necessary skills and experience to engage in gymnastic and Ninja Warrior activities safely.

2. Assumption of Risk:

By using our equipment, you accept and assume the inherent risks associated with these activities.

Always be aware of the potential dangers and take personal responsibility for your safety.

3. Know Your Physical Limitations:

Understand your own physical limitations and capabilities.

Never attempt maneuvers or exercises that are beyond your skill level or physical abilities.

4. Avoid Head and Neck Injuries:

Landing on your head or neck can result in severe injuries.

Always practice proper technique and follow safety guidelines to minimize the risk of head and neck injuries.

5. Regular Equipment Inspection:

Before each use, check for proper mat positioning and equipment stability.

Inspect all hardware for signs of wear and damage.

Do not use the equipment if there are any indications of damage or excessive wear.

6. Replace Damaged Equipment:

If you discover any signs of damage or excessive wear, immediately discontinue use and replace the affected equipment. Using damaged equipment can significantly increase the risk of accidents and injuries.

If you have any questions or concerns, please feel free to [contact us](#) for further guidance and information.
