## Product Description

### Indoor Playground Ninja Warrior Obstacle Course Inflatable Hanging Obstacle Parkour 8ft Air Bridge

#### Description:

Introduce an exhilarating new challenge to your ninja course with the 8ft Air Bridge! This inflatable bridge enhances agility and balance training with its dynamic wobble. Navigate from one end to the other using the 6 directional arrows, utilizing the balancing straps or attempting the obstacle without support.

Featuring 5 webbed straps and quick links, it effortlessly attaches to your rig, providing a safe and enjoyable workout for athletes of all ages. Hook and loop fasteners on the underside keep suspension straps in place during use. Made from robust 18 oz vinyl in a sleek gray and black color scheme, ensuring longevity and safety. To set up, locate the air plug, inflate using a small blower, and secure with included straps and quick links.

Includes straps and quick links  
Set up and inflate within minutes

#### **Product Safety:**

At Barry , safety is our utmost priority. It is crucial to understand that gymnastics and ninja warrior equipment are not toys. Engaging in activities that involve motion and height inherently carries the risk of serious injury, including paralysis or even death. Therefore, we strongly advise all users to adhere to the following safety guidelines:

##### **1. Proper Training and Supervision:**

These products are intended for use by properly trained participants under qualified supervision.  
It is essential that users have the necessary skills and experience to engage in gymnastic and Ninja Warrior activities safely.

##### **2. Assumption of Risk:**

By using our equipment, you accept and assume the inherent risks associated with these activities.  
Always be aware of the potential dangers and take personal responsibility for your safety.

##### **3. Know Your Physical Limitations:**

Understand your own physical limitations and capabilities.  
Never attempt maneuvers or exercises that are beyond your skill level or physical abilities.

##### **4. Avoid Head and Neck Injuries:**

Landing on your head or neck can result in severe injuries.  
Always practice proper technique and follow safety guidelines to minimize the risk of head and neck injuries.

##### **5. Regular Equipment Inspection:**

Before each use, check for proper mat positioning and equipment stability.  
Inspect all hardware for signs of wear and damage.  
Do not use the equipment if there are any indications of damage or excessive wear.

##### **6. Replace Damaged Equipment:**

If you discover any signs of damage or excessive wear, immediately discontinue use and replace the affected equipment.  
Using damaged equipment can significantly increase the risk of accidents and injuries.

**If you have any questions or concerns, please feel free to contact us for further guidance and information.**
