Product Description

Commercial Inflatable Mechanical Surf Simulator With Mattress For Amusement Park Event Rental

Product Details

The inflatable mechanical surf simulator is an exhilarating and innovative piece of entertainment equipment. Designed to mimic the thrill of real - life surfing, it consists of a large, durable inflatable structure paired with a mechanical surfing platform.

Riders can experience the excitement of balancing and "riding waves" in a safe, controlled environment, whether at amusement parks, beach resorts, or event venues. Its robust inflatable design ensures stability and can accommodate surf enthusiasts of various skill levels, from beginners looking to learn the basics to seasoned surfers seeking a fun way to practice. It's a perfect blend of adventure and safety, bringing the joy of surfing to places where the ocean waves can't reach.

There are 2 modes to play the bull rodeo/ mechanical pig/ surfboard: Manual or Auto

A. Play the mode Auto

Push the button Start to start the bull. The bull will move automatically in three difficulty levels (Greenhorn, Cowboy, and Ambush). Firstly the bull will keep moving in 60 seconds under difficulty Greenhorn automatically after you push the button start.

After 60 seconds, the bull will move faster under difficulty Cowboy and Ambush in every 60 seconds. Auto model runs 3 minutes before it stops.

B. Play the mode Manual

Control the handle stick to control the bull's movement. Slide the rotary switch Spin/Sway Speed to set the spin speed. (Suggest firstly set the speed from slow to high gradually.) the operator totally control the bull's movement, and no time limit.

The mechanical system comes complete with:
