## Product Description

### Branded Commercial Inflatable Bounce House with Slide

Designed for institutional and commercial use, this large-format inflatable bounce house combo is the ultimate solution for YMCA events, community centers, school carnivals, and rental businesses. Its bright, eye-catching red-yellow-blue color scheme and custom logo-ready front panel make it perfect for building brand visibility while providing endless, safe fun for kids.

Built with commercial-grade 0.55–0.6mm thick Plato PVC tarpaulin, this bounce house is engineered for heavy-duty, repeated use. Reinforced stitching at all stress points, wide mesh windows for visibility and airflow, and a stable, multi-chamber design ensure maximum safety and durability. The spacious main bounce area pairs with an integrated slide, creating multiple play zones that keep children engaged for hours.

This model offers full customization to match your brand identity: swap the YMCA logo for your own, adjust the color scheme to your brand palette, or modify the size and layout to fit your specific venue requirements. Easy to set up with the included blower, it deflates quickly for compact storage and transport, making it ideal for mobile events and year-round use.
