Bring gentle, whimsical fun to any gathering with this pastel castle-themed inflatable bounce house combo. Designed with dreamy pink, baby blue, and warm beige tones, it's perfect for gender-neutral birthday parties, baby showers, family events, and photo-friendly commercial rentals. The soft color palette creates a calm, inviting play space that complements any decor while keeping kids entertained for hours.

This multi-functional unit combines a spacious bounce area, a gentle side slide, and a shaded roof to protect kids from direct sunlight—making it ideal for both indoor and outdoor use.

Key Features

Charming Pastel Aesthetic

A soft, eye-catching blend of pink, light blue, and beige creates a fairy-tale castle vibe without loud, overwhelming colors. Themed turrets and smooth color gradients make this bounce house a standout for photos and event branding.

Multi-Activity Play Design

Spacious Bounce Zone: Roomy, enclosed jumping area for kids to bounce and play freely.

Gentle Slide: A smooth, padded side slide offers low-thrill fun for younger children, with a soft landing area.

Shaded Canopy: The top cover provides UV protection and shade, extending playtime outdoors.

Heavy-Duty Commercial Build

Made from premium 0.55–0.6mm Plato PVC tarpaulin, the industry standard for durable inflatables.

Reinforced double stitching at all stress points prevents tearing, while high-visibility mesh walls ensure constant airflow and easy supervision.

Includes heavy-duty D-rings for secure anchoring, plus a UL/CE-certified blower, repair kit, and carrying bag.

Fully Customizable

Swap the pastel palette for your brand colors or party theme.

Add custom logos, text, or themed prints to the side panels or front wall.

Adjust dimensions, slide length, or add extra features like ball pits to fit your needs.

Why Choose This Combo?

Versatile for All Events: Perfect for kid's parties, gender reveals, community fairs, and rental businesses looking for a unique, photo-ready option.

Safe & Kid-Friendly: Soft, padded surfaces and a gentle slide design make it suitable for toddlers and young children.

Easy to Operate: Quick setup (under 5 minutes with the blower) and compact storage for easy transport.
