Product Overview

These durable inflatable multi-purpose tubs are designed for a wide range of uses, from cold plunge therapy and ice baths to water play, ball pits, and event storage. Crafted in a sleek, functional teal color, they offer a portable, easy-to-set-up solution for both commercial and personal use.

Key Features

Multi-Functional Design

Perfect for cold water therapy (ice baths), hot water soaking, kids' water play, ball pits, pet baths, or even as storage bins at events.

The deep, spacious rectangular design provides plenty of room for full-body use or group activities.

Heavy-Duty, Leak-Proof Construction

Made from thick, durable commercial-grade PVC or vinyl, with reinforced seams to prevent leaks and withstand frequent use. The rigid inflatable side walls stay firm when filled, providing a stable, safe structure without the need for a permanent installation.

Portable & Easy to Use

Inflates quickly with a standard air pump, and deflates compactly for easy transport and storage.

Lightweight enough to move between locations, making them ideal for gyms, spas, events, or home use.

Fully Customizable

Available in multiple sizes to fit your needs, from small personal tubs to large commercial units.

Custom colors, logos, or branding can be added to the exterior for businesses, events, or personalization.

Ideal Applications

Gyms, recovery centers, and wellness spas for cold plunge therapy

Backyard parties, summer events, and kids' play areas

Pet grooming facilities, mobile bath services, and temporary water stations

Brand activations and corporate events as custom branded tubs or ball pits

These inflatable tubs combine durability, versatility, and portability, making them a practical choice for almost any water-based or containment need.
