Product Description

Round Inflatable Cold Plunge Pool With Cover Drop Stitch Material Pool With Cover

Product Overview

This premium inflatable kids pool is crafted with high-quality drop stitch DWF (Drop Stitch Weave Fabric), delivering exceptional rigidity and durability without sacrificing portability. Designed for safe and fun water play, it comes complete with a matching protective cover, making it perfect for backyard use, events, and commercial rentals.

Key Features

Durable Drop Stitch DWF Construction

Made with heavy-duty drop stitch fabric, this pool stays rigid and stable even when fully filled with water, unlike traditional inflatable pools that bulge or sag.

The DWF material is tear-resistant, puncture-proof, and built for repeated use, making it ideal for kids' rough play and long-term commercial applications.

The smooth, reinforced surface is easy to clean and maintain, resisting mold, mildew, and stains.

Protective Cover Included

Comes with a custom-fit cover that keeps debris, dirt, and insects out of the water when not in use.

The cover also helps maintain water temperature, reducing evaporation and keeping the water cleaner for longer, so you spend less time on maintenance.

Safe & Kid-Friendly Design

The tall, straight walls provide a secure, contained play area, with a soft, rounded top edge to prevent scratches or injuries. The spacious round shape offers plenty of room for kids to splash and play, suitable for both individual and group water activities.

Easy Setup & Portability

Inflates quickly with a standard air pump, and maintains its shape perfectly thanks to the drop stitch construction.

Built-in drain valves make emptying the pool fast and simple. When deflated, it folds compactly for easy storage and transport, perfect for taking to the beach, parties, or events.

Customizable Options

Available in multiple sizes to suit your space and needs.

Custom colors, logos, or branded prints can be added to the exterior, making it ideal for commercial use, brand activations, or personalized backyard fun.

Perfect For

Backyard summer water play for kids

Daycares, schools, and community center events

Commercial rentals, party planners, and event companies

Brand activations, promotional events, and pop-up experiences

This drop stitch DWF kids pool combines professional-grade durability with family-friendly fun, offering a long-lasting, easy-to-use water play solution.
