Product Description

Custom Drop Stitch DWF Inflatable Pub Pool Bar

Product Overview

This one-of-a-kind inflatable pub pool bar combines the durability of drop stitch DWF fabric with a fun, branded design. Built for events, parties, and brand activations, it's both a functional pool and a fully branded mobile bar, making it perfect for summer gatherings, festivals, and promotional campaigns. The example shown features custom "Rude Boy Bar" branding, highlighting the fully customizable nature of this unique inflatable.

Key Features

Heavy-Duty Drop Stitch DWF Construction

Made with premium drop stitch fabric, this unit maintains a rigid, stable structure even when fully filled with water. Unlike traditional inflatables, the walls stay straight and firm, ensuring safety and longevity.

The DWF material is tear-resistant, puncture-proof, and easy to clean, making it suitable for both indoor and outdoor use at high-traffic events.

Fully Branded Pub Design

The entire structure is a blank canvas for your brand: custom logos, slogans, and full-color graphics can be printed on the canopy, walls, and base.

The example design features a vibrant "Rude Boy Bar" theme with bold colors and a fun hashtag, making it instantly eye-catching and shareable for social media.

Multi-Functional Party Centerpiece

Pool Area: The deep, spacious interior works as a wading pool, ball pit, or cool zone for events.

Pub Bar: The built-in back bar and canopy create a shaded, dedicated serving area, perfect for drinks, snacks, or promotional giveaways.

All-in-One Experience: Combines the fun of a pool with the functionality of a mobile bar, eliminating the need for multiple setups.

Portable & Easy to Use

Inflates quickly with a standard blower, and deflates compactly for easy transport and storage between events.

Built-in anchor points ensure stability outdoors, while reinforced seams prevent leaks during heavy use.
