Unlike traditional bounce houses, this towering single-lane slide delivers heart-pounding fun in a bold, safari-inspired design that stands out in any crowd.

Key Features

Exotic Safari Theme: Vibrant tiger-stripe patterns, playful tiger cub graphics, and inflatable palm trees bring the jungle to life, creating an immersive adventure vibe that's perfect for zoos, festivals, or animal-themed parties.

Tower Height & Thrill: Standing 18 feet tall, this commercial-grade slide offers an exhilarating, fast-paced descent, ideal for older kids and teens seeking high-energy fun.

Commercial-Grade Construction: Built from heavy-duty 0.6mm PVC with reinforced stitching and safety baffles, this slide is engineered for constant use at parks, carnivals, and rental businesses, ensuring long-lasting durability.

Enhanced Safety Features: High side walls, a non-slip climbing ladder, and a deep, padded landing zone keep riders secure while maintaining maximum fun. The wide, stable base prevents tipping during use.

Spacious Single-Lane Design: The wide slide surface allows for fast, smooth rides, while the large landing area accommodates riders comfortably. It's perfect for high-traffic events with continuous use.

Quick Setup & Maintenance: Inflates in minutes with a high-volume blower (not included) and features easy-clean surfaces, making it ideal for commercial operations with high turnover.

Vibrant, UV-Resistant Colors: The bright green, purple, and orange tiger print is treated to resist sun fading, keeping the jungle theme vivid even after years of outdoor use.

Ideal For

Theme parks, county fairs, zoo events, summer carnivals, commercial rental businesses, and large-scale backyard parties. Customizable graphics, logos, and color schemes are available to match your brand or event theme.
