Product Description

Mini Inflatable Water Park , Funny Inflatable Floating Water Park Playground

In the hot weather, slide down the curving slide & shoot out into the cool waters of the splash pool! Kids will love this Little Tikes Water Slide Pool! Features a challenging inflatable rock wall that leads to a slippery slide with a gentle curve at the end for a fun ride into the refreshing pool! It is good for rental or personal use.

If you are familiar with some of the other inflatable water toys, you may have expressed a concern about the design of the slide or even wishing that there was a better overall flow of use when kids are playing with that water park..

Well, with our water park you will see that there is now an easier way for children to be able to climb back up the slide without having to exit the inflatable completely. Not only does it lend to safety but there is also less introduction of grass, dirt and debris during play. Not only that, but the slide is now completely redesigned for a smoother ride each time.
