Product Description

Durable Backyard Ground Metal Frame Pool Blue Inflatable Swimming Pool 0.9 PVC Tarpaulin

General Description:

With this incredible inflatable pool can enjoy water fun, recommended for adults and children.

A new business that guarantees fun and profit with a low investment.

It is proven in various areas to which we have sold the product.

This product has multiple uses: business presentations, openings, summer seasons, and rental for parties, plays, hotels, spas, commercials, sports recreational use and etc.

Advantage of the Metal Frame Pool

The Metal Frame Pool is an easy to set-up above ground pool that the whole family can use. As you know, it's that time of year when people start planning for the hot weather — and you know it's coming. Summer is around the corner and you're probably wondering if you should take the plunge (no pun intended) and buy a pool for your backyard.

The great thing about this particular swimming pool is that you get a lot of pool for not a lot of money. It's the type of product that the entire family can enjoy together, while allowing a space to create great memories over the years. If you've never owned an above ground swimming pool before I reason why I highly recommend the 12×30 metal frame pool because it's a good size — not too big or small, and it has a high rate of customer satisfaction. As one customer of us said, "It's just right." On top of that, it's inexpensive, well-constructed, and relatively easy to maintain.

Orther Picture For Reference:

Orther Details:
