## Product Description

### Summer Metal Frame Swimming Pool Large Set Custom Steel Frame Pool For Holiday

#### General Description:

The Metal Frame Pool is an easy to set-up above ground pool that the whole family can use. As you know, it's that time of year when people start planning for the hot weather — and you know it's coming. Summer is around the corner and you're probably wondering if you should take the plunge (no pun intended) and buy a pool for your backyard.

#### Why buy the metal frame pool to your own?

The great thing about this particular swimming pool is that you get a lot of pool for not a lot of money. It's the type of product that the entire family can enjoy together, while allowing a space to create great memories over the years. If you've never owned an above ground swimming pool before I reason why I highly recommend the 12×30 metal frame pool because it's a good size — not too big or small, and it has a high rate of customer satisfaction. As one customer of us said, "It's just right." On top of that, it's inexpensive, well-constructed, and relatively easy to maintain.
