## Product Description

### Crazy Junior Rodeo Bull Ride Outdoor Inflatable Games Air Mechanical Bull

#### Description:

The Junior rodeo bull ride is a brand new concept in the rodeo bull world and is ideal for smaller children. The pictures show my 3 year old using the ride and although not photographed my 2 year old was also able to manage the ride himself and they both absolutely loved it. By far one of the best products we have available for youngsters this season.

#### How it works:

The Junior rodeo bull ride is not a stand alone ride itself. It is a themed attachment and inflatable surround that is mounted on & around our surf simulator machine. This ensures the machine is low enough and accessible enough for youngsters whilst still being a lot of fun and just as safe as the surf simulator itself.
