- Application: Party,event,wedding
- Suitable For: Adult,children
- Highlight: **inflatable garden tent**, **inflatable event tent**

Our Product Introduction

Half Cover Inflatable Marquee Outdoor Inflatable Tent For Surf Simulator

Description:

The Inflatable Marquee was initially designed to cover the surf simulator so that it could be used outside in all kinds of weather but lately we've found our customers also find other uses for them.

From the feedback we received last year we found customers used the inflatable marquee as a sun shade as well as a shower cover, using it to cover soft play, garden games, ball pools that don't have their own roofs and much much more.... We also had a large interest from galas and fetes to cover the stalls or for eating areas for their guests.

Dimensions (Metric) - 7m x 7m x 4.6m. (L/W/H)
Dimensions (Imperial) - 22ft x 22ft x 15ft. (L/W/H)
Suitable for Indoor use? - Yes, providing your venue is large enough.
Suitable for Outdoor use? - Yes, providing your venue is large enough.
Suitable for Hardstanding? - Yes, raw bolts are provided for maximum safety.

Colours and materials

All our structures are manufactured in ripstop nylon and reinforced PVC.
As standard they are made in white and grey. Although a full colour range
is available, this may alter lead times and costs

Branding:

Branding can be applied permanently to any of our inflatable structures by screen printing or digital printing at the source of production. Temporary branding can be added as vinyl or Dacron adhesive panels at any stage. Please note that not all artwork is suitable for printing on our structure range. It is advised that sample artwork be supplied to us in .eps format so that we can advise the best solution. Full replaceable covers are available for our range of inflatable buildings. These can be branded and printed to ensure your inflatable structure matches your brand.

Transport

Shipping way:By sea,by express,by air,ect.

By its nature an inflatable structure packs down to considerably less than
its inflated size. The largest of our range packs down to less than 2M³
which makes the structures ideal to store and use again. Each product
will be supplied in its own storage bag and will be easily transported in an
out of any venue.
