## Product Description

### Garden Lazer Quest Inflatable Maze Inflatable Sports Games Playground Used

#### Description:

The Lazer tag is an inflatable arena which forms a covered all weather playing area. We have 2 different sized lazer maze's, this is the smaller of the two which we offer on a hire only basis, we have added this maze to the hire fleet as its at a size that can now fit in most gardens and venues. Our other Laser maze is much larger and has to have staff provided to ensure maximum uptime and usage of the game. Please bear this in mind when booking as some technical knowledge is required although brief training will be given on arrival.

This self operation version lets you control the gameplay methods and lets you control the kids. Internally the arena is constructed of interconnected chambers forming a simple maze, which for most of its area is over 6 feet or 1.82m high. To enhance visual effect of the lasers & to add the excitement inside the arena is gloomy with brightly coloured doorways and hide behinds.

The aim of the game is to venture into the maze & battle it out against the opponents in what is by far the most adrenaline packed game we have. The Game is best played in groups of 6 or 8 and works best on a 3 and 4 a side team game.

Each player starts on the outside of the maze and has 30 seconds to hide after activating the count down timer, this is displayed via a series of display indicators on the back of the guns.

After the 30 seconds are up, the laser gun will power up and holy hell breaks loose.
