Product Description

Lazer Quest Blow Up Maze Games Inflatable Interactive Games For Team Event

Size:

The Lazer tag is an inflatable arena which forms a covered all weather playing area of approximately 1,000 square feet meaning its HUGE!
Internally the arena is constructed of interconnected chambers forming a simple maze, which for most of its area is over 6 feet or 1.82m high. To enhance visual effect of the lasers & to add the excitement inside the arena is gloomy with brightly coloured doorways and hide behinds.

How to play?

The aim of the game is to venture into the maze & battle it out against the opponents in what is by far the most adrenaline packed game we have. The Game is best played in groups of 6 or 8 and works best on a 3 to 4 a side team game. Each player starts on the outside of the maze and has 30 seconds to hide after activating the count down timer, this is displayed via a series of display indicators on the back of the guns.
After the 30 seconds are up, the laser gun will power up and activate your ammo and life, these will be displayed via indicators on the back of the guns. At this point the gun will wish you good luck and the game will commence.

Safe:

Many teenagers are fond of the challenging games, for their spare time, they will go the place, like the basement to play some games, like the CS. But now, the inflatable is very popular recently, including the inflatable arena. And it is more safe than the basement, you don't worry to fall down when playing cause the inflatable is very soft. It can avoid more injuries.

The Guns(not include):

By far the best laser tag guns on the market, Specially designed for the mobile system, the laser guns are highly sophisticated with many special features to enhance this exciting concept of laser tag. The guns are moulded from a dense plastic with no sharp angles and are specially weighted and balanced to give a realistic feel.

The guns shoot highly accurate yet safe class 2 laser beams (similar to a TV remote). A built-in voice synthesizer provides verbal instructions and game status from time to time & it records the number of bullets fired and damage recorded just like those state of the art centre would but without the hassle of big heavy vests or bibs to wear.
Remember this games all about light hearted fun so even if you have the shooting ability of an imperial storm trooper there will be a game to suit you best. so please instruct our operators on arrival weather you wish to play for fun or compete.
Many are called. But few are man enough to take the pain. Now's the time to take the challenge and get thoroughly blasted - if you dare?

Feature:

1. Made of 0.55mm pvc tarpaulin and in compliance with EN14960.
2. Easy setup and convenient to be used in different places.
3. The inflatable baller is one of popular interactive games.
4. Excellent waterproof and fire resistant factors make itself durable in daily use.
