Product Description

New Design Inflatable Tent For Car Storage , Large Outdoor Portable Car Tent Shelter

Description:

The Inflatable Marquee was initially designed to cover the surf simulator so that it could be used outside in all kinds of weather but lately we've found our customers also find other uses for them.

From the feedback we received last year we found customers used the inflatable marquee as a sun shade as well as a shower cover, using it to cover soft play, garden games, ball pools that don't have their own roofs and much much more.... We also had a large interest from galas and fetes to cover the stalls or for eating areas for their guests.

Branding:

Any logo can be available, it can advertising your company or others.
