Long Giant Water Slide are very rare and unique. They look very amazing. This slide the city will catch a lot of attention at your event. Its big, its beautiful, and its the most fun you'll ever have on an inflatable slide in barry ! They are very fun and you will be entertained for hours.!

Why Choose Barry Industrial

Barry has been concentrated in inflatable toys for many years and is able to custom make any inflatable products according to customers' requirements, such as inflatable bouncers, castles, slides, combos and more. Our water slides (the longest slide in Dubai is made by us), water parks (more than 2000 successful cases both home and abroad), inflatable tents (inflatable/airtight/EXTRA giant) and inflatable toys (land/pool/lake/ocean) have earned ourselves a good reputation for the excellent quality, fast production, prompt delivery and price!

F & Q

What are the differences between inflatable items and sealed items?

Inflatable items are lower cost sewing products that need constant blowing comparing with sealed items, which are using heat welding technology and only need one blow up.

Can I have custom design with needed company logo or wording?

Yes, you can. We collect a team of professional designers and are able to design as requested. Of course, we always confirm the design before production, so you will surely get what you want for actual use.

How to blow up? What can I do when the item is not in use?

We can show you how to blow up and pack it when not in use. (pictures and videos are available.)

What kind of payment do you accept? Why not escrow?

We prefer T/T, West Union, Paypal and other payment terms. For order < US\$5000, we prefer full payment. Most often the case, customer does not choose ESCROW because of the limited maximum payment of US\$10000 and the 5% charge fee is high.

How long will it take for the delivery?

By express and air will take about 7 days, while by sea will takes about 35 days.

Do you offer accessories like blowers/pumps, repair kits?

Yes, each item is equipped with enough CE/UL blowers/pumps (according to the electric system in your country) and repair kits.
