Our Product Introduction

Product Description

Commercial Inflatable Obstacle Course 5k , Big Popular Red Event Red Insane Inflatable 5k

WHAT IS INFLATABLE 5K RACE?

* Final obstacle course selection depends on venue. Each course will feature larger-than-life obstacles including (but certainly not limited to!) the infamous Wrecking Balls, the menacing Sweeper, the newly re-imagined Jump Balls, and an epic finish line slide down The Hippo.

LEAP OF FAITH Brand New!

Mystery Obstacle

Calling all daredevil ROC Stars! Are you brave enough to scale this inflatable cliff and jump off the summit to experience its chilling 10' drop?!

Sometimes you just gotta take that Leap of Faith!

Obstacle tips:

Climb to your fate up the stairs to the top of the obstacle. Peer down at the red bullseye that indicates exactly where to jump to...and then take off (if you dare!)

Make sure to jump in the seated position – legs out straight in front of you – and aim for that bullseye!

Reached the top and don't feel up to it?? That's ok... take the easier route down the Slide of Shame. Maybe next time!

WRECKING BALLS Upgraded!

Time to get WRECKED! Think you have what it takes to make it out dry? We have two big red balls that think otherwise.

Obstacle tips:

Move quickly! If you go too slow, you're likely to lose your balance or get a giant ball to the face.

Keep your eyes on the balls! If one is coming for you, wait and let it pass...then make your move!
Fall in? (Told you so.) Walk (wade) across to the other side quickly to climb out and move on!

JUMP BALLS New & Improved!

The bigger the balls, the harder the falls! Here's your shot to become a ROC Star superhero. Think you have what it takes? It's harder than it looks!

Obstacle tips:

Try to take 1 step with each foot on each ball to get across swiftly, or you can try the leap frog method.

Less than 10% of ROC Stars succeed... Good luck!

If you do make it across, it's definitely time to party because THAT is impressive!

COOL RUNNINGS

Prepare to get soaked! This MASSIVE & totally tubular ride will leave you laughing and splashing and begging for more!

Obstacle tips:

Don't make us call your parents for acting up – feet first ONLY!

Hold on to your hats and glasses, this is a wild ride!

After you've completed your splash landing, exit out of the pool and keep on ROC'in!

BARREL BOUNCE Brand New!

2016 Mystery obstacle #1 UNVEILED!

Is it Barrel Bounce, or Barrel Smash? You decide. Think these barrels, measuring at 36" tall, are too tall for you? Think again, ROC Star!

Obstacle tips:

Jump up on the red inflatable platform and get a good bounce up onto your first bouncy barrel.

Biggest bounce: With feet firmly planted on a barrel, bounce across the 4 foot gap and soar to ridiculous heights as you hit the next barrel!

Child's play: If you're feeling a little ROC'd, you can always roll overtop the inflatable hurdles...we guess...

THE SWEEPER

You have one shot to make it across without being swept away. The Sweeper arms show no mercy and are out for vengeance, so stay alert!

Obstacle tips:

Move quickly! The slower you go, the more chances for the arms to hit you!

Keep your eyes on the arms! If one is coming, GET LOW!

If you fall into the pit, the best way to get out is to ROLL OUT!

SKY HIGH New & Improved!

ROC Race will make ya... JUMP! JUMP! We know that you'll go Sky High on the world's largest moonbounce!

Obstacle tips:

Stretch out those calf muscles, extreme bouncing has been known to tire ROC Stars out!

If you brought a GoPro or camera with you, this is a great opp for epic bouncing pics & videos!

Watch out for that drop off the last ledge – it's a big one!

AQUA DRAG

Water break! Get ready to slip and slide your way through this refreshing race to the finish pool.

Obstacle tips:

RUN! If you don't get a good running start, you won't make it all the way!

Line up with your friends to have a Drag-off! Who will reach the pool first?

THE DROP New & Improved!

If The Hippo had a child, it would be The Drop. Climb up to the top and drop down! It's a perfect warm up for your supersized finish slide!

Obstacle tips:

Army crawl through the first section – see who can make it to the stair climb first!

Lean forward slightly while climbing up, feet first only while sliding down.

Race a friend on the way down to see who's the master of The Drop!

Caution: Slippery when wet!

THE HIPPO Upgraded!

Running across a finish line is so five minutes ago. Brace yourself for the most exhilarating finish imaginable down on our towering 4 story tall inflatable waterslide!

Obstacle tips:

Scared of heights? Don't look down while climbing up the stairs!

Grab a friend and prepare for your magnificent fall that awaits!

Smile as you slide across the finish – you just became a certified ROC Star!

FOAM OF FURY Upgraded!

Ready... Set... Slide! Who doesn't love a good foam party? We've got your slippery, foamy road to freedom right here!

Obstacle tips:

Run as fast as you can to hit your max speed to make it all the way.

Blow some foam kisses, give yourself a foam beard and you'll be all set for your next challenge!

Welcome to choose the part you like to customized!!!
