Product Description

Inflatable Obstacle Course 5k Inflatable , Insane 5k Inflatable For Adult, 5k Inflatable Run

What is 5K obstacle course?

As more and more Americans grow bored of the common, conventional runs and marathons that litter the country, there has been a growing demand for a more engaging, entertaining style of run that gives its competitors a chance to blow off-steam and fool around. However, the majority of the obstacle course runs that have sprung up often tout themselves as being elite athletic competitions or pride themselves on being grueling feats pain and endurance. The obstacle course 5K breaks free from the norm of obstacle courses by prioritizing one thing above all else - that participants have the most fun and exciting run of their life!

Our custom inflatable obstacle courses are designed to be suitable for people of all age ranges and levels of fitness to have a blast on! You can take your time climbing up our cliffhanger obstacle or take a break before trying not to get lost in our maze obstacle.

How big business chance you have!We are good China inflatable manufacture.Welcome to cooperate with us!

LET'S GO

There's no easing into the Insane Inflatable 5K. Let's Go serves as our starting line and challenges you right from the start. Climb up the front side and slide down the back. From there, you're off running and bouncing through the Insane Inflatable 5K.

THE MAD HOUSE

Climb, weave and maneuver your way through this intricate and challenging new inflatable. You won't know what hit you, literally!

CRASH COURSE

You don't need a helmet to go through this Crash Course, but that doesn't mean it won't test your physical ability! Dodge and push through hanging obstacles from start to finish, while making your way up and down the obstacle's peaks and valleys.

JUMP AROUND

This is where the rubber meets insanity. Hands down one of the most insane obstacles you'll ever experience. Jump Around is the largest inflatable of its kind – over 70 feet of crazy, bouncy, fun! Once you get on it, all you'll want to do is jump up, jump around and get down!

BIG BALLS

These big balls are always bouncing, and we guarantee you'll be smacked, whacked, and knocked down by them. It's quite possibly the world's largest ball-pit. Once you crawl under the entrance point, you're immediately faced with giant flying balls coming directly at you, and that's just the beginning. Duck, dive, and dodge your way to the other side.

WAVERUNNER

Don't be fooled – just because the Waverunner is flat doesn't mean it's easy! We dare you to run as fast as you can over these wavy speed bumps.

THE HUMPS

These humps, these humps, these humps! You'll be begging for mercy by the time you reach the third peak. Once you're over the hump, enjoy a breezy slide back down.

MATTRESS RUN

We've re-imagined this classic obstacle from our original course and taken it to a new level. Make one wrong step and you'll be laying down laughing on this mattress! The Mattress Run challenges your balance and agility as you make your way across a huge mattress filled with ankle-loving holes.

WRECKING BALLS

Don't let these big balls wreck your run. This behemoth at 110 feet long will push you to your limits, but don't be afraid to push back. Break your way through to the other side, and try not to get demolished along the way.

FINISH LINE

Like all of our obstacles so far? Then you'll love our finish line! We've taken our bouncer's favorite elements from all of the other obstacles on our course and combined them into one crazy inflatable. Dodge the Wrecking Balls, make your way past the tipsy towers, climb the rope ladder and slide your way to victory.
