## Product Description

### 1000 ft inflatable slide the city, water slide for adult

#### Details:

- 1.Constant blowing system : It needs to be inflated constantly with blower connecting electricity .
- 2.Plato 0.45mm PVC Tarpaulin :all our materials are purchased from Plato factory , a best material factory in China ,the material price would be more expensive than other material factory ,but the quality is very good ;Regarding material PVC Tarpaulin , It contains 3 layers which have double coated side with a strong net inside ,very strong and durable ;It is enough to use 0.45mm in thickness as this city slide don't need to bear a bigger pressure .
- 3.Size 50m long x 3m wide : 50m long is not very big , so it can be as a part , we don't need to divide it into two parts . The tube diameter is generally 0.65m .
- 4.Accessories : as it only has a part , it can be equipped with one blower , of course , the customer can buy one more as a spare .
- 5.Certificates : We have had CE , EN71-2-3 ,EN14960 , SGS , ROHS for all our products .
- 6.Package : 1 PVC bag for city slide - 115x80x80cm ; 1 Carton bag for 1 blower - 50x50x45cm .
- 7.Shipping : Regarding this 50m long city slide , the total weight is about 180kg , you can choose by express , by air or by sea , it is up to you .
- 8.Repair kits : including some blue materials , same as the city slide , come with strong PVC special glue .
- 9.Warranty : Yes
- 10.All our products are OEM ,Different sizes , color , logo can be customized .

#### Application :

Regarding this inflatable city the slide , you need to spray water for people playing with water tube , in order to make the slide more smooth , you can put some soap foam on it . There is also one important point the city slide must be placed on a slope with 15-30 angles , otherwise people can't slide to the end .
